

**Dr Radek Rudnicki** - Sound Artist, Composer and Sound Designer focused on use of spatial sound in multidisciplinary projects. As lead sound designer and composer for Precyzja Art Foundation (Poland) and director of Wave Folder Records (UK) he creates and designs immersive new media art projects and experiences. In 2008 Radek has been shortlisted by SPNM (UK), as one of the most interesting emerging composers living in the UK. In 2013 announced Ambassador of Jazz in the North of England. Radek holds PhD in Digital Composition from the University of York, UK. He worked with NASA (USA), Stockholm Environment Institute (Sweden) and SpaceBase (New Zealand) on projects linking art and science. He worked on Wellcome Trust funded Sonicules project, investigating the use spatial sound in anti-cancer drug design. Currently based in Wellington, New Zealand he is designing and delivering new music courses at School of Music & Creative Media Production, Massey University. He works with international partners and regularly showcases his work in Japan, the USA, Europe and New Zealand.
